

CCL NEW MEXICO STATEWIDE CONFERENCE: PLUGGING INTO SOLUTIONS – JOIN US IN TAOS

WANT TO LEARN ABOUT OUR CLIMATE CRISIS AND WHAT YOU CAN DO? WHAT PERSONAL ACTIONS ARE AVAILABLE TO YOU?

Find out at a one-day public conference hosted by Citizens' Climate Education-NM on Saturday, October 28. Experts in science, economics and energy policy will erase any doubt that our human-caused climate crisis must be met with increasing urgency. They will describe a range of approaches to which any of us can commit.

Presentations will be transmitted among sites in Santa Fe, Albuquerque, Las Cruces and Taos, NM. Participants will discuss actions they can take together. Our keynoter will be energy consultant and former Congresswoman Claudine Schneider (R-RI).

[Renewable Taos](#), [UNM-Taos](#), and [Northern New Mexico Climate Change Corps](#) will host the Taos event at Bataan Hall, UNM-Taos, 115 Civic Plaza Drive. For details, contact swctaos@gmail.com

The Taos event runs from 9:00 A.M. – 4:00 P.M.

Register online at <http://cclusa.org/NMConf>

Whether or not you attend, please consider a donation of \$10 to sponsor free admission for a Taos-area student.
